THE PLATINUM RANGE

WELCOME

The Platinum Range of low maintenance composite doors offers you a solid and secure door with more choice than ever before.

10 different colours in 15 different styles gives you a wide choice of doors that will compliment your property, windows or lifestyle. With a stylish range of glass, most of which are triple glazed and a selection of hardware to match, the choices really are limitless.

Style is key with The Platinum Range, but you should also know about the solid construction of the doorset you are investing in.

The Platinum range is constructed of a solid board core with Thermoplastic facing. All 4 sides of the door leaf are encapsulated using an edge banding process. The door is low maintenance and easily maintained by just an occasional wipe down, ensuring the door will outlast traditional timber alternatives.

All doors are unique and made to measure. Once installed they will not require adjustment.

All our doorsets comply with the latest building regulations. As a BSI registered manufacturer each and every product is produced to the highest standards. That's why each door has a comprehensive guarantee including the hardware.

All doors come complete with:

- Fully reinforced 70mm PVC-U outer frame. All colour matched with the door leaf when required.
- All doors are supplied with a white internal face as standard.
- A full multipoint locking system with anti-bump cylinder, keeps and handles.
- Doors can be pre-hung left or right handed to your requirements.
- A full choice of hardware is available to order with each doorset.
- Sidelights can be ordered to colour match the doorset.
- All doors have a grained effect to replicate the appearance of timber but without the downsides.
- All doors come with a full comprehensive guarantee.

Min / Max Door Set Dimensions				
	Low Threshold		Medium Threshold	
	No Cill	Cill	No Cill	Cill
Max Width	1002	1002	1002	1002
Min Width	832	832	832	832

Min Height	1889	1919	1900	1930
4 Sided Frame				
	No Cill		Cill	
Max Width	1002		1002	
Min Width	832		832	
Max Height	2192		2222	
Min Height	1931		1961	

Constructed of a solid timber core with thermoplastic facing, offering a more solid and secure door.

THE BALMORAL

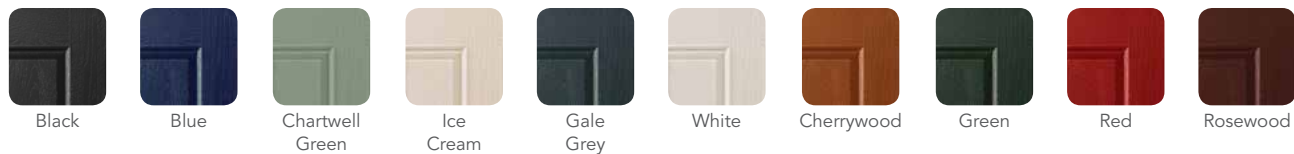

The classic Balmoral is still the most popular door style allowing plenty of light into your hallway. Choose a stylish glass design to really make the door your own. Finish off with your choice of hardware to reflect your chosen style.

Glass Options

See Diamond Range for alternative glass options.

Colour Options

*The main feature in the glazing is available in red, blue, green or black. N.B. we create this stunning coloured effect through a mix of colours (not solid) to complement the door. ** Diamond style glass available in black, green, blue, red or clear. ***Satin etched glass. ****Available in black, blue, green, purple and red.

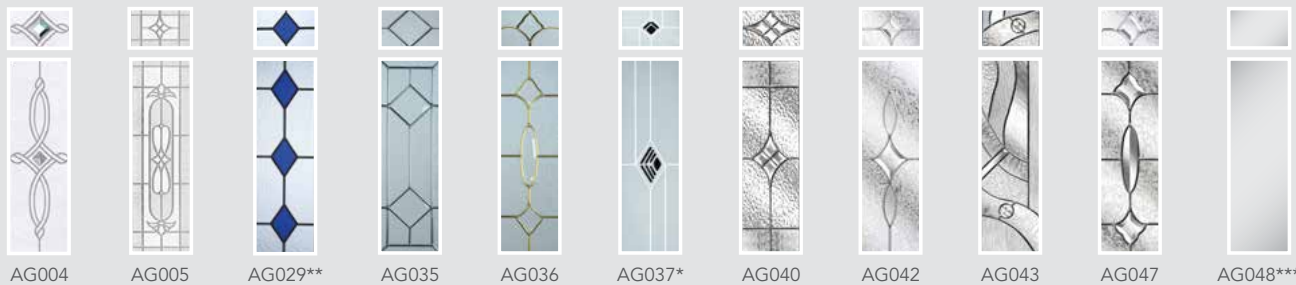

THE CARISBROOKE 2

The Carisbrooke adds a touch of class to a solid door style by adding light through the glazing panels. The glass choice allows you to add style whilst maintaining your privacy. This door design looks stylish on Georgian and Victorian properties.

THE SOLID OPTIONS

Two of our most popular doorset designs also come in a solid unglazed option, no glass; just a choice of hardware and of course one of 10 different colours.

The Carisbrooke Solid

This classic style replicates traditional timber designs and is always a popular choice.

The Sandringham Solid

The ideal door for rural properties or those looking to recreate the traditional cottage look. Ideal as a rear or front door this design is perfect for traditional properties wishing to maintain authentic character.
