

# ULTRASKY FLAT SKY LIGHT

Established 1979

## UltraSky Flat Skylight

### Simple, Stylish, Elegance

With unrivaled looks and thermal performance, the Skylights distinctive, sleek and frameless edge to edge glass, gives a stunning contemporary look. UltraSky Flat skylight allows the largest possible amount of light to be brought into the room, with uninterrupted sightlines. It brings a stylish ambience to a home and its minimalistic roof frame ensures that it suits any style property.

Thanks to it's unique structural design it is not only the best looking Skylight but one of the best performing double glazed on the market.

#### Features

- Available in White, Grey and Black.
- Simple pre-assembled design with unique click-fit installation process.
- Double seal gaskets with high compression, meaning the seal won't degrade over time
- Fineline plasterboard trim for a smart internal finish.
- Weather resistant - 4 degree pitch for optimum performance.

#### Maximum Light

The unique aluminium external and internal capping and bespoke structural UPVC internal core, make this the ultimate glazed Flat Skylight. Sitting flush with the internal plaster line, the fixed Flat Skylight appears frameless from the interior of the home, creating the illusion of an open roof space.

#### Ultimate Performance

With an overall U-Value of 1.2, the fully insulated frame with 'Warm Frame' technology combined with noise reducing glass means that Ultrasky Flat Skylight blocks out noise from the outside and is unrivalled in thermal efficiency.

#### Minimal Sight-lines

The minimalistic contemporary external design with flush glazing gives a sleek, modern appearance and is a stunning addition to any home extension.

#### Leading Technology

Noise reducing, toughened glass means that Ultrasky Flat Skylight blocks out noise from the outside. Solar control and low-e coatings along with argon gas filled cavity, helps to control the amount of visible light, UV and heat that passes through the glass.
