

RIO FLUSH FIT WINDOWS

Established 1979

Rio Flush Fit Windows

Designed For Perfection

When it comes to design features and sophisticated styling, the Rio Flush Fit window is in a class of it's own. Our Rio windows have been specially designed so that the opening sash of the window sits flush with the outer frame, giving a unique, sleek and seamless appearance.

As with all our windows, safety, security and longevity of the windows is paramount. Rio Flush Fit windows benefit from enhanced noise reduction, high energy efficiency and are easy to maintain, meaning our windows will look great for their lifespan.

Wood Finish

The Rio Flush Fit window is available in a range of realistic woodgrain finishes, which is a popular alternative to traditional timber windows. Woodgrain finishes make a real impact when combined with a fully welded joint option, adding a quality finish to the exterior of a traditional building.

Aluminium Look

The Rio Flush Fit window offers a modern look with grey finish laminates, as opposed to expensive aluminium window alternatives. Our Anthracite Grey foil and substrate combination offers inspiration, and opens up options to provide a seamless interior appearance and a cost effective alternative to aluminium.

Unrivalled Weather & Security Performance

Using the same tried and tested REHAU profile, our Rio Flush Fit windows offer the homeowner peace of mind that their window can withstand weather conditions and provides a level of security to their home.

Sleek and Smart

The Rio Flush Fit is all about offering the customer more choice with no extra work required from the installer. The Rio Flush Fit system allows manufacturers and installers to replicate the details of a traditional timber flush fit window in the most authentic way possible.

The Rio Flush Fit features clean lines and a true finish in order to ensure minimalist impact on the property's exterior. A variety of styled hardware and fittings are available to guarantee consistency with the look of any building.

Our Flush Fit windows offer homeowners the opportunity to bring period aesthetics to their home with all the benefits of a contemporary manufacturing process. With an attractive chamfered frame option, Rio can suit any type of property.

The Best as Standard

The elegant flush sash appearance gives the Rio Window its sophisticated, modern appearance and versatility to be used for both contemporary new builds and traditional British homes alike. All glass sight-lines are flawlessly equal, providing symmetry for a timeless kerbside appeal.

- 1: 28mm Glazing as standard with option for 34mm Triple Glazing.
- 2: Integral Low-Level Gasket.
- 3: Traditional Low Level Sculptured Bead.
- 4: External Chamfer detail for smoother sight-lines.
- 5: Eurogroove in same position as TOTAL70 ensures no specialist gearing required.
- 6: Full Weld Joint - The same as a standard casement window offering the most cost effective option.

Total70 Compatibility

The TOTAL70 compatibility factor truly enables installers to 'fit and forget' due to familiarity and ease of installation. Rio Flush Fit is a high-quality product, achieving excellent weather performance whilst offering enhanced security options.

Handle Range

MILA's new Heritage handle range is available in both Monkey Tail and Pear Drop designs and handed to suit. This new range of handle provide the perfect option for homeowners who want a traditionally styled flush sash window, combining elegant styling with intelligent design and security features.

- 1: Intelligent Design**
Push to fit, our design-registered edge-to-edge screw cover is a cleverly designed 'trick of the eye' which incorporates a faux clocked screw for authentic styling.
- 2: Added Security**
Push button to operate, key to dead lock.
- 3: Modern Classic**
Our Heritage Black & Heritage Pewter finishes feature a traditional textured effect.
- 4: Two Elegant Styles**
Monkey Tail and Pear Drop in both left and right handed options.
- 5: Its In The Detail**
Beautifully designed, rosette key.
