The installer is responsible for ensuring that where UltraRoof is supported by means such as masonry or timber frame walls, the structure provides enough lateral support and resistance to wind uplift. Further guidance can be obtained through UltraRoof380's technical documentation/guides. Sun Trade cannot be responsible for the structural adequacy of any existing building work used as part of an overall project. Whilst assistance is provided ultimate responsibility for securing Building Regulations and planning permission lies with the retail installer. For further guidance please contact us on: 01656 746 650.
